#### **GCA Software Installation** Guide

10

# How to install the New GarenaCIG

# Disable the existing hard disks backup/restoration programs such as *Deep Freeze, goBack.*

Check in Windows Task Manager whether GarenaCIG is running.

Go to the Task Manager by pressing Alt + Ctrl + Delete.

Click Services, scroll down to view GarenaCIG

If GarenaCIG is running, Click <u>here</u> to proceed to Old Garena CIG Uninstallation.

If GarenaCIG is not installed, Click <u>here</u> to proceed to New GarenaCIG Installation.
